

## REGULATORY CHANGES | Effective May 1, 2015

New regulations affecting the Board for Asbestos, Lead and Home Inspectors will become effective May 1, 2015. A summary of the important changes is provided below as an information resource.

Updated forms and applications reflecting the new fees and regulations will be posted on the [Board's webpage](#) on May 1, 2015.

---

### ASBESTOS

#### New Fees for Asbestos Application and Renewal

	Applications	Renewals	Late Renewal
Individuals	\$80	\$45	\$35 + renewal fee
Laboratories	\$120	\$75	\$35 + renewal fee
Contractors	\$110	\$70	\$35 + renewal fee
Training Programs	\$500 per day of training	\$125	\$35 + renewal fee

- The timeframe for late renewal is extended from six months to 12 months past the license expiration date.
- Training Providers must submit participant lists no later than 10 business days following the end of the training.
- The new regulations delete the requirement for certain training programs to have at least two instructors.

---

### LEAD

- The timeframe for late renewal is extended from six months to 12 months past the license expiration date.
- The new regulations delete the requirement for training certificates to have a unique ID number for each course participant.

---

### HOME INSPECTORS

- The new regulations delete the requirement for individuals with expired certificates, but who are no longer eligible for reinstatement, to retake the examination when reapplying.
